**KUHS National Conference on
Students' Medical Research 2017**

November 10 & 11

"Mental Health - Let's Act"

Under the patronage of
Kerala University of Health Sciences

Organized by
Department of Community Medicine
Govt Medical College, Thiruvananthapuram

INTRODUCTION

Kerala University of Health Sciences proudly announces **KUHS National Conference on Students Medical Research 2017**, a unique platform for undergraduate and postgraduate students to showcase their research works in medical field. **The Department of Community Medicine, Government Medical College Thiruvananthapuram, Kerala** has been organizing this conference since 2006. Kerala University of Health Sciences (KUHS) has aced the arena of student medical research by taking up patronage of this prestigious event since 2015. The proposed dates of the Conference are **10th and 11th of November 2017**.

In tune with this year's World Health Day theme, we have selected **'Mental Health – Let's act'** as the theme. The Conference will be conducted as a two-day event with a CME on 10th of November. We have invited eminent speakers from national institutes to facilitate translation of the World Health Day theme to targeted interventions. There will be paper and poster presentations by student researchers of public health relevance on the second day.

KUHS is happy to announce scholarships to UG medical students who study in institutes affiliated to it. A national public health quiz is also being organized.

We hereby invite you to join us in this endeavour, which should be a venue for undergraduate and postgraduate medical students to present and discuss their research findings and sharpen their research skills, eventually resulting in good research culture and evidence based medical practice.

Dr. Thomas Mathew
Chairman

Dr. M.K.C Nair
Vice Chancellor, KUHS
